

Growth Mindset Statements for Teachers

Having a growth mindset of your own will enable you to teach that same positive outlook to your students.

I am on the right track to finish what I started.

I am going to figure this out.

I can do this if I keep trying.

I will learn from my mistakes.

There is always room for improvement.

I can achieve anything I set my mind to.

I have enough tools in my toolbox to fix this.

I can take this one step at a time.

This may take some time to get it right.

I am amazing yet I still have room to grow.
